Agencies*

Sree Moogambigai Agencies,

an ISO 9001: 2015 certified company. Our sole proprietorship firm was established in the year 1995 in Thiruvanmiyur Chennai, Tamil Nadu, India. We are the leading and most prominent trader, distributor and Supplier of **Industrial, Medical and Special Gas Cylinders**. Till date the firm is the first choice of clients for their requirement of industrial gases and other gases. The sole proprietor of the firm, Mr. Amarnath V has been into business from a long time and has excellent entrepreneur skills and acumen. clients prefer to buy their products from us. We are renowned for always keeping in stock a large products range with all capacities of gas storage Cylinders for the clients to choose from as per their requirements. The firm is into trading, distributing and supplying **Oxygen Gas Cylinders, Nitrogen Gas Cylinders, Carbon Dioxide Gas Cylinders, Dissolved Acetylene Gas, Liquide Oxygen, Hydrogen Gas Cylinders, Helium Gas Cylinder, UHP Argon Gas Cylinders** and more.

OUR MISSION

Providing all types of Industrial Gases to the Customer under Single Roof with 24/7 Services. The Company's Goal is to supply Highest Standard Quality, Customized Products with Competitive Price, Timely Delivery Trouble free services at Customer Door steps using Ethical Practices. Our main and foremost aim is to serve better products , better quality , and better service to the customer on time and gain customer satisfaction through all our products

Our vision is to embrace new technology and to reach the pinnacle of business excellence through Innovation, Quality Consciousness, being Eco Friendly, delivering Highest Standards, maximizing Customer Satisfaction, Maintaining Supplier Relations and to provide international quality standard to every individual without boundaries.

Out Products

INDUSTRIAL GASES

- Argon
- Oxygen
- Dissolved acetylene
- Nitrogen
- Hydrogen
- Carbon-di-oxide

SPECIAL GASES

1. Argon TL Grade – purity 99.9997%
2. Argon UHP Grade – purity 99.9998%
3. Nitrogen zero grade - purity 99.9998%
4. UHP Air (79% n_2 +21% o_2) (moisture <0.5ppm)
5. Helium – 5, (99.999%) 5.5 (99.9995%) & 6 (99.9999%) Grades
6. Oxygen – zero grade 99.99%
7. Synthetic air
8. Propane
9. N-Butane
10. Ammonia
11. Liquid Nitrogen

HIGH PURE GASES

1. Argon – purity 99.9993%
2. Oxygen – purity 99.85%
3. Dissolved Acetylene - purity > 98%
4. Nitrogen – purity 99.9992%
5. Hydrogen – purity 99.9988%
6. Zero air- (79%N₂+21%O₂)
7. Helium Grade 4.5 – 99.995%
8. Nitrous oxide – purity >98%
9. Carbon-di-oxide – purity 99%
10. Methane – purity 99.5%

GAS MIXTURE

Argon Oxygen Mixture (AOM)

- Argon Carbon Dioxide Mixture (ACM)
- Argon Hydrogen Mixture (AHM)
- Nitrogen Hydrogen mixture (NHM)
- Any Combination as per the specific need of the user

CALIBRATION GAS MIXTURE
LASER GAS MIXTURE

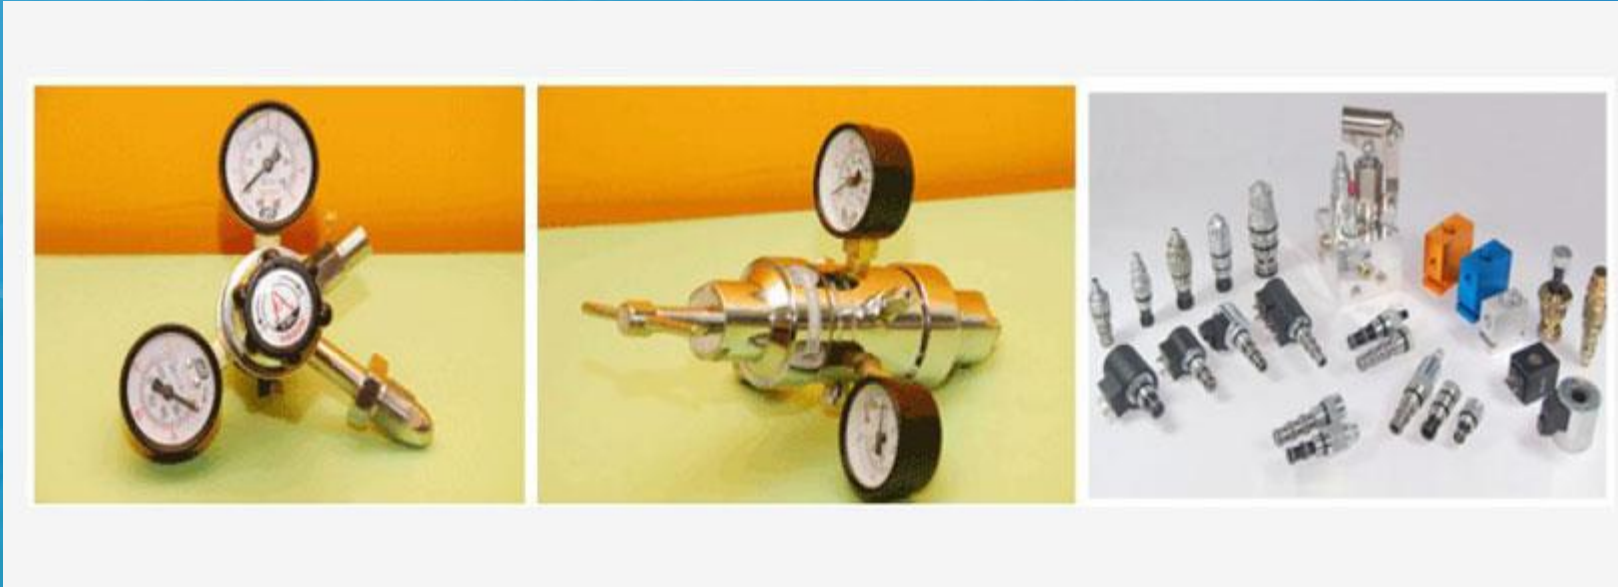

GAS HANDLING EQUIPMENT

Specialty gases needs dedicated gas handling equipment and proper gas distribution system to ensure gas quality remain in equilibrium between the source and the point of use.

Sree Moogambigai Agencies has on offer a wide array of equipments including Pressure Regulators, Gauges, Valves and Gas Manifold systems among many others in different specification.

PRESSURE REGULATOR

It is important to use right Gas Pressure regulator in high pressure gas Cylinders as a wrong choice may result in impurity or malfunctioning. Improper pressure regulation can cause fluctuation of flow which may further cause undesirable result. Sree Moogambigai Agencies has variety of pressure regulators which can be specifically used for different types of specialty gases. Send your enquiry mentioning service, working pressure and flow.

CONSULTANCY ON GAS DISTRIBUTION AND SAFETY

Apart from our products, Sree Moogambigai Agencies also offer consultancy services for gas handling, gas distribution and training. We have on panel specialists who have a range of multi functional skill sets for developing solutions for different types of gas related projects. You can rely on Sree Moogambigai Agencies to find the most suitable solution for your specific requirements for gas distribution and safety training while handling equipment.

Services

- Liquid Pump Installation Support
- Gaseous Technical Support
- New Cylinder Sales
- On-Site Plant Installation
- Pipeline Services
- Specialty Services
- Welding Equipment's

No 7, Avvai Nagar Main Road, Thiruvanmiyur,
(Near Thiruvanmiyur Post Office)
Chennai - 600041.
